

**MetalFab, Inc.**

Custom Fabrication of  
Precision Metal Products

# Metalfab...

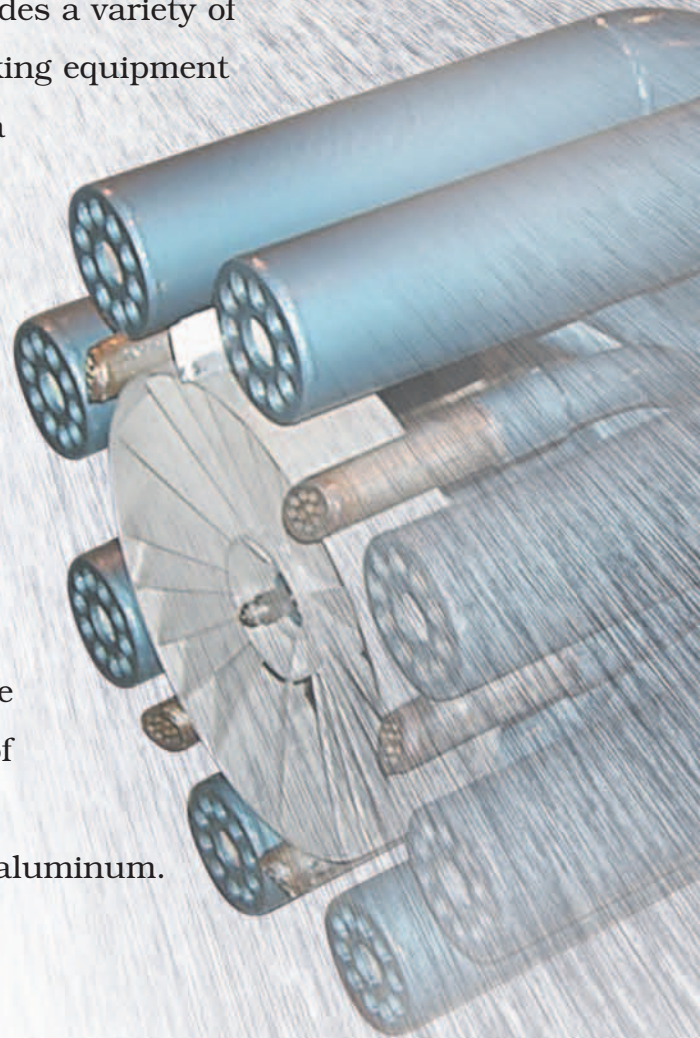

## A Wide Range of Capabilities and Product Experience to

### Overview

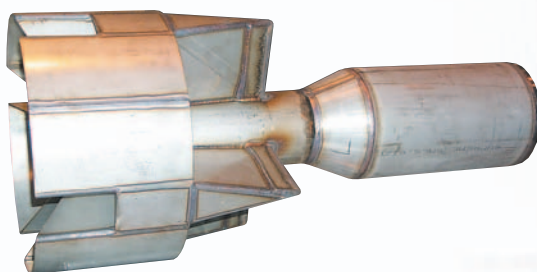

Metalfab's Custom Fabrication facility includes a variety of contemporary metal forming and metalworking equipment along with the latest state-of-the-art plasma cutting machines.

Our engineering staff, which has distinguished itself for its many contributions to product improvement over the years, is available for consultation and assistance at the product planning or production stages.

Our skilled technicians, many of whom were trained at Metalfab, average over 20 years of experience working with a variety of metals including stainless steel, carbon steel, and aluminum.

*Coal Spreader Assembly*

*Gas Poker Manifold with Swirler*

# Meet the Critical Requirements of Today's Design Engineers

## Capabilities

- Design and Engineering
- "Solid Works" 3-Dimensional Solid Modeling
- Custom Fabrication to Customer Specifications Including: metal thicknesses (16 gauge to 1/2" plate), rolling, cutting, stamping, punching, forming, welding, painting, and inspection

*Special  
Bag Opener*

*Urea Injection Mixer*

## Product Experience

- Burner Modification Components
- Conveying Equipment
- Bulk Storage Bins
- Hoppers & Chutes
- Guards & Housings
- Dust Collectors & Electrostatic Precipitators
- Industrial Ductwork
- Weldments
- X-Ray Equipment
- Structural Fabrications

*Specially Designed  
Belt Feeder*

*8' Bin with Bin Activator*

*Pressurized Enclosure for Feeder*

30,000 sq. ft. of Modern Fabrication, Assembly, and Paint Facilities on 11 Acres in Northern New Jersey

## Available Shop Equipment

<b>Shear Capacity:</b>	3/8" x 120" long, HRS 1/4" x 120" long, S/S
<b>Brake Forming:</b>	LVD CNC 3/8" x 10' long, 240 tons Chicago 14 gauge x 8' long, 49 tons
<b>Punching &amp; Burning:</b>	AKS Hi-Definition CNC plasma programmable burning with 72" x 120" cutting table. Machine capacity 1" thick carbon and stainless sheet 90 ton ironworker 70 ton beam punch 40 ton single station punch
<b>Rolling:</b>	Roundo 5/16" x 10' durable pinch plate roll
<b>Cutting:</b>	Marvel 18A automatic feed 20" square Marvel 8, 18" square Abrasive cutoff saw 16"
<b>Welding:</b>	(14) mig, (4) tig, (2) spot, (5) arc
<b>Crane Capacity:</b>	(1) 5 ton, (1) 4 ton, (1) 3-1/2 ton, (1) 2 ton, and (8) jib cranes
<b>Forklift:</b>	(1) 12,000 lb. capacity, (1) 6,000 lb. capacity
<b>Trucking:</b>	(1) 20' flatbed w/20,000 lb. capacity
